Leonard was held in the Tombs Police Court in \$50,000 ball from further examination. On leaving the courtroom on his way to prison, he said, in response to a question:

"If did it on a bet."

Leonard had been for several years a trusted employee of Halle and Stiegiliz, and lived quietly with his mother in Harlem. Leonard told the police to-day that he conceived the idea of the theft some three or four months ago and had been planning during that time to execute it and show how easy such a scheme could be practiced on the banks of New York.

On the 28th of Soptember, he said, he found checks on the Hanover National Bank. That was in the forence. Later in the same day, he said, he was in the corridor of the National City Bank, and among the men waiting in line he saw a man helding in his hand an envelope marked "3300,000 41-4 per cent." He said he heard the loan clerk toil the messenger interest was 4½ per cent. and not 41-4. Then he said the messenger departed.

Leonard then had his cue, and went to the Bowery and there ordered a rubber certification stamp, but before doing so he cut out the certification of an old check from which the stamp was to be copied. After he secured the stamp he filled out the body of the check drawn on the Hanover National Bank.

Boy Got Securities. Then, he said, he went to Wall Street, halled a passing boy, and asked him if he knew where the National City Bank was. The boy said he did not, Leonard said to him: "ake this check to No. 52 Wall Street and hand it to the loan clerk," Leonard meanwhile stood opposite the custom house and saw the boy take the

Leonard said he took the securities to his house at 588 East 136th street, and with no delay put them in a wrapper, affixed the necessary stamp, and took them to a mail box in the neighborhood of West 92d street and mailed them to Dyer Pearl, of 34 West 78d street, who is a member of the firm that owned the securities.

It was reported to-day that Leonard was engaged to Miss Lulu Schrader, daughter of Park Commissioner Schrader, of the Bronx Borough. Commissioner Schrader said that Leonard had called at his home frequently, but that there was no engagement between the young people, so far as he knew. Commission Merchants Complain of Poor Condition.

The commission merchants are com-plaining of the extremely bad condition planning of the extremely bad condition in which apples from nearby sections ap-pear on the market. They say that the poor packing detracts considerably from the sale of apples, and that the ship-pers surfer in consequence from the lower prices.

prices.

Low grade apples, specked and dropped, are put together in the same barrels, without regard to grade, and rhipped to the market. The result is that the fruit makes a poor showing and solls at low prices. The merchants say that if the shippers would sort the apples carefully and hand fack them in the style did the northern shippers, and like the apples shipped from the apple sections of Virginia, they would find it well worth the trouble, and would be better satisfied with the prices.

Fine, carefully packed and preparly attented winter apples are selling in Hechmond in straight lots at from \$3.35 to \$2.75 a barrel, and are more easily sold ones.

Richmond in straight lots at from \$3.25 to \$2.75 a barrol, and are more easily sold at that price than badly packed ones are at \$1 to \$1.50. It is hoped that the nearby shippers will take heed and be more careful in the handling of their figure.
